Premier Forum for Advances in Data Visualization

IEEE VIS 2021 is the world's largest and most important conference on Scientific Visualization, Information Visualization and Visual Analytics. Taking place virtually 24–29 October, VIS 2021 will be the year's premier forum for advances in theory, methods, and applications of visualization and visual analytics. The conference will convene an international community of researchers and practitioners from universities, government, and industry to exchange recent findings on the design and use of visualization tools.

A full complement of research presentations, tutorials, workshops, panels, demonstrations, posters, and exhibitions makes the conference one of the largest and most important gatherings of researchers and professionals who specialize in the visual analysis of data.

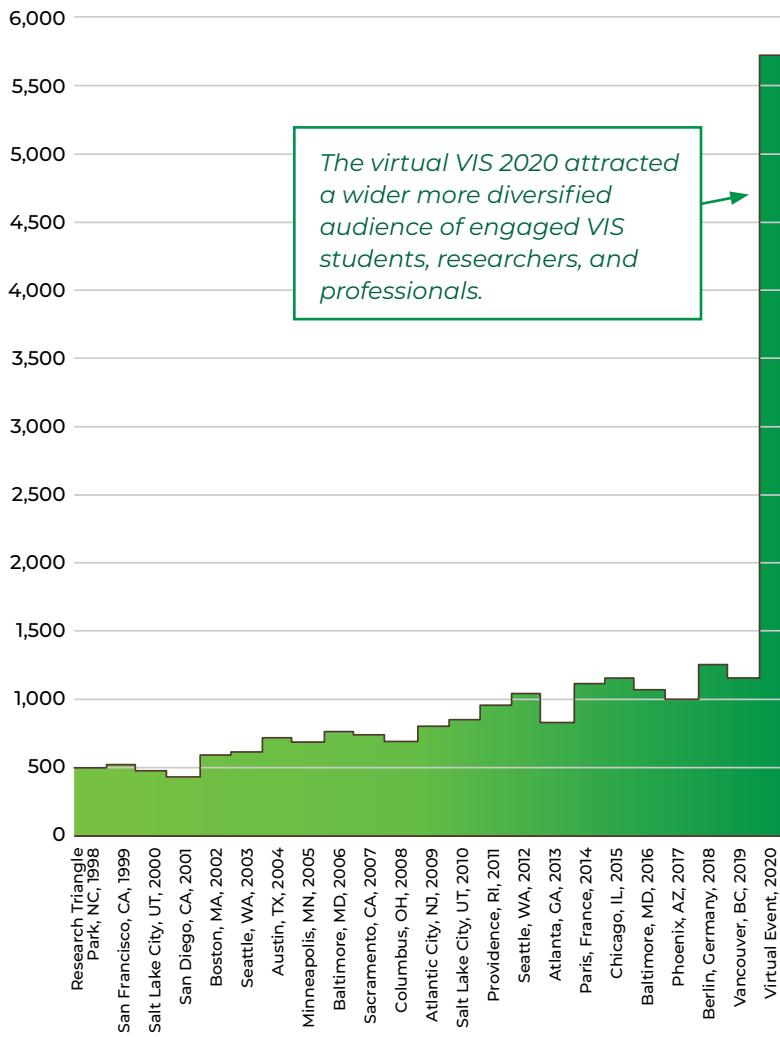

The conference provides a unique opportunity for companies to attract the world's top university graduates and international leaders in the field. Traditionally, VIS has been active recruitment venue for candidates with a wide variety of visualization, analysis, and data science skills.

Why Support and Exhibit at IEEE VIS 2021?

- Meet over 5000 conference participants—potential customers and collaborators—leading researchers from government, industry, and academia from around the world who specialize in visual data analysis.
- Gain worldwide recognition and visibility for your brand with expanded virtual branding opportunities.
- Make new connections through virtual meetings, discussions, and demonstrations on a wide range of computing and applications topics.
- Gold and Diamond supporters will have their information in the official conference materials—your organization name, logo, and website will be added to the conference proceedings and final program.
- Multiple opportunities for your company to reach potential customers and recruit potential candidates.

Conference Attendees

Job Seekers

Conference participants will have the opportunity to upload their CVs, schedules, and other details that will be shared among interested supporters recruiting for staff, postdocs, and/or summer interns.

Silver supporters and above will receive detailed information about these conference participants.

Diamond supporters will have an opportunity to hold a Student Mentorship Session and engage with students, answer questions, and share information about their company.

Inclusivity and Diversity Donations

IEEE VIS is committed to fostering and sustaining an environment of respect, inclusivity, and diversity. One aspect of this commitment is ensuring equitable access to the conference through scholarships, childcare grants, mentorship, and programming. These opportunities are open to all prospective VIS attendees, with priority given to those at the earliest stages of their careers.

How to Donate and Support Inclusivity and Diversity at VIS

Earmark any amount from your supporter contribution for the previously specified levels

Make a separate donation: All inclusivity and diversity donors will be listed on the website. These donations are separate from sponsorship and don't confer any rights, unless you are donating part of your sponsorship amount, in which case, all your regular benefits apply.

For logistical reasons we ask for donations starting at \$300.
